Polyprey is a High Gloss Laminate (BRIHG) bonded to a MDF Moisture Resistance substrate.

The BRIHG finish gives an intense HIGH GLOSS Lacquered effect and at the same time offers hard wearing and increased scratch resistance due to the added protective overlay.

Due to the hard wearing properties, **Polyprey** is suitable to be used in a number of horizontal or vertical applications in either residential and commercial projects.

SUITABLE FOR ...

- Kitchen/Bathroom cupboard doors - Wall Panelling
- Receptions/Shops counters - Restaurants/Café fitouts
